

Financial Report 2016

This annual report is published by Lacawac for its members, supporters and collaborating partners. If you have questions regarding the information provided in the report contact Lacawac's President at craig.lukatch@lacawac.org

Letter from our President

Dear Friends:

Everything we have in life comes from the natural world around us. Learning to protect this gift is the core focus of Lacawac Sanctuary- shaping the next generation of earth stewards and scientists.

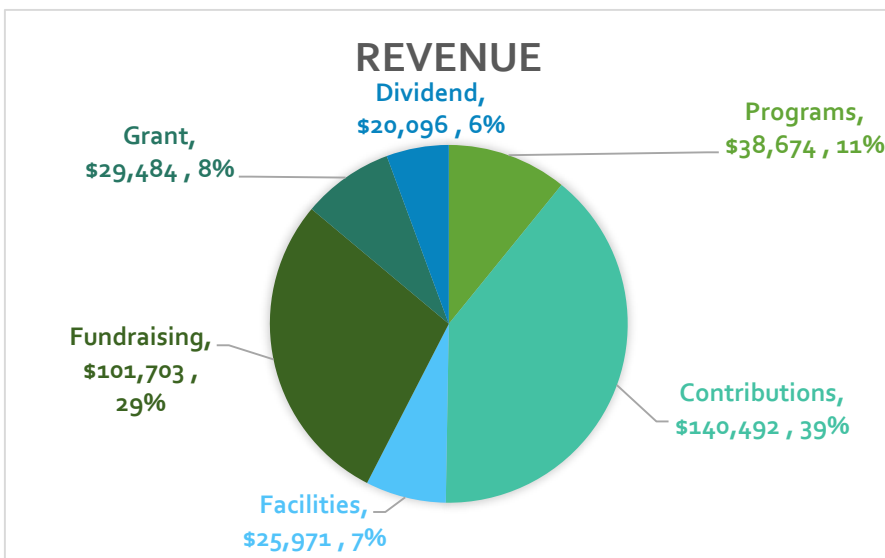

As a community based nonprofit, Lacawac relies on donations from friends to support our work and mission. Whether it is a membership donation, an annual appeal gift, support at one of our signature fundraising events, or a gift through a bequest, all funds support research, education and preservation. All funds stay local.

Looking forward, we are thrilled to report that Lacawac has a number of exciting projects in process and many great ideas in the wings including a new STEM environmental education center. We have recently renovated our Ice House Cottage and put a new septic system in for our Lodge and Great Camp Complex.

All of this comes at a cost and over the next few years, Lacawac will look to increase its financial base of support to keep pace with our growing work. Wayne County is a great place in which to live, work and vacation and if we work together we can preserve and educate all ages about the beauty of the natural world around us.

Thank you for your support!

Craig Lukatch, President

Thank you to our friends
