ABOUT CAMP AT LACAWAC SANCTUARY:

Lacawac’s 550-acre field station has meandering trails, open fields, lakes and wetlands in which to explore. Experience nature through hands-on activities, artistic expression, thematic games, scientific experiments, and environmental observation. E-STEM (Science, technology, engineering and math taught through environmental education) is incorporated into all of our camps in order to foster problem solving, innovation, self reliance, and logical thinking. Campers will be fully immersed in our living laboratory and discover how they fit into the complex web of our diverse ecosystem.

CAMP STAFF:

• Counselors have many years of experience working with children and teaching environmental education.
• All counselors, junior counselors, and interns have obtained child abuse and criminal history checks.
• A counselor to camper ratio of 1:8 is maintained in order to facilitate better small group dynamics.
• Counselors are trained in first aid and CPR.
• Counselors know that exploring nature is the most effective way to instill a sense of wonder and love for the environment.

Lacawac stands true to its mission of research, education and preservation by shaping the next generation of scientists and environmental stewards.

CREATURE FEATURE
JULY 2-6 & JULY 16-20
AGES 5-6 • 9AM - 1PM
$80 PER CHILD
Explore forest and water habitats to find creatures in, under and around Lacawac. Campers will build positive relationships with nature and each other through creative play, experiential nature walks, and hands-on activities. Each day will focus on different types of animals that live at Lacawac.

EXPLORING NATURE
JULY 23-27
AGES 7-8 • 9AM - 4PM
$100 PER CHILD
Connect with nature by exploring Lacawac’s unique ecosystems. Learn more about the habitats that plants and animals call home while discovering the joy of outdoor play and exploration. Campers will examine special adaptations that animals have developed to survive through specimen investigations and simulation activities.

EARTH EXPRESSIONS
JULY 9-13
AGES 8-10 • 9AM - 4PM
$115 PER CHILD
The beauty of the natural world is celebrated during a week of painting, writing, sculpting and drawing. Campers will find inspiration through hiking and other engaging activities which will encourage artistic expression. All materials will be supplied. Camper’s projects will be shared with family members during an end of the week showcase.

ECO INVESTIGATORS
JULY 30 - AUG 3
AGES 9-10 • 9AM - 4PM
$100 PER CHILD
Investigation, observation and problem solving will allow young scientists to develop a keen understanding and appreciation of our natural world. This STEM camp focuses on inquiry and design through scientific investigation, modeling, and sampling with data sensors. Campers will hike, play and learn on Lacawac’s beautiful 500 acres.

WILDERNESS ADVENTURES
AUG 6-10
AGES 11-12 • 9AM - 4PM
$100 PER CHILD
Building shelters, starting fires and tracking animals are only a few of the exciting activities campers will enjoy while exploring the terrestrial and aquatic environments at Lacawac. Problem solving and team building in a noncompetitive environment will foster leadership skills and build confidence. Adventurers will enjoy outdoor recreation on a whole new level.

Visit LACAWAC.ORG or Facebook for full program details. Lacawac members receive a special rate to most programs. To register, email info@lacawac.org or call (570) 689-9494.

Make Checks Payable to Lacawac Sanctuary
Return with payment to Lacawac Sanctuary
94 Sanctuary Road, Lake Ariel, PA 18436

No refunds will be given after June 1st.
